Subject: M6H1 - Harvey Response: Water and Wastewater Phone Assessments 9-5-17 AM
Date: Tuesday, September 5, 2017 11:03:56 AM

Cheryl,

We are still making the “call backs” to facilities that we have left messages for.
We are also expecting to receive new counties later.

The staff has started to get a little anxious about Hurricane Irma, and we are following its progress.

Nothing else to report.

We have not been given any information yet about the group’s demobilization.

I will demobe on Thursday morning, and come into the office to finish all my documentation work before I leave on vacation.

Thank you

Juan
